

Strategy. Solutions. Impact.

Multidisciplinary consulting and professional services for mission-driven organizations.

WHO WE ARE

Asherian Group is a multidisciplinary consulting and professional services firm helping governments, healthcare organizations, nonprofits, educational institutions, and mission-driven enterprises solve complex challenges through strategy, data, and execution. We advise and deliver with one accountable team per engagement.

CORE COMPETENCIES

- Strategic Planning — Multi-year strategy leaders can actually execute.
- Management Consulting — Operating model, governance, and executive advisory.
- Public Health Consulting — Program design, epidemiology, preparedness, and community health.
- Healthcare Operations — Throughput, access, clinical workflow, and revenue cycle.
- Workforce Development — Career pathways, capacity building, and talent pipelines.
- Staffing Solutions — Interim and surge talent across clinical, technical, and admin roles.
- Education & Institutional Effectiveness — Student success operations and institutional performance.
- Information Technology — Modernization, implementation, and integration support.
- Cybersecurity & Risk — Assessment, compliance, and continuity for regulated environments.
- Data & Analytics — Dashboards, measurement, and decision-grade reporting.
- Program & Project Management — PMO stand-up, portfolio governance, and disciplined delivery.
- Organizational Development — Change management, culture, and leadership capability.
- Training & Facilitation — Curriculum, workshops, and facilitation that transfer skills.
- Business Process Improvement — Lean and human-centered redesign that removes friction.
- Performance Management — KPI frameworks and accountability rhythms that hold.
- Grant Support — Proposal development, compliance, reporting, and administration.
- Implementation Services — Hands-on execution that carries strategy into operations.

PROCUREMENT PATHS

- Direct Purchase Order — Fastest route for agencies, health systems, districts, and nonprofits with delegated purchasing authority.
- Simplified Acquisition — Micro-purchase and SAT-threshold awards for scoped assessments, plans, and short-cycle delivery.
- State & Local Vendor Pools — State term contracts and local pre-qualified consultant lists.
- Subcontract & Teaming — We team as a subcontractor to primes on IDIQ, BPA, and multi-award task order vehicles.
- Cooperative & Interlocal — Purchasing through cooperative agreements available to public agencies and education buyers.
- Grant-Funded Scopes — Contracted under federal and foundation grant budgets, with allowable-cost documentation support.

- CAGE: available on request
- SAM.gov: registration in progress
- Small Business under primary NAICS size standards
- MBE / SDB designations in progress
- W-9, certificate of insurance, and references within 24 hours

HOW WE ENGAGE

- Scope — We confirm outcomes, constraints, deliverables, and the contracting path in writing.
- Mobilize — Named team, kickoff, and a delivery plan within 10 business days of award.
- Deliver — Working sessions, artifacts, and progress reporting on a fixed cadence.
- Transition — Documentation, training, and measures your team owns after we leave.

WHY ASHERIAN

- One accountable team from scope through transition — no hand-offs to a junior bench.
- Practitioners across strategy, public health, healthcare operations, workforce, and technology.
- Deliverables written for the people who have to use them after we leave.
- Procurement-ready documentation, reporting, and compliance support built into every engagement.
